

IntraHydrocare

Do you want to have a **100% guarantee** your water isn't the source of any problems?

INTRA HYDROCARE: GUARANTEED SAFE DRINKING WATER

Contaminated drinking water directly impacts animal health, welfare and performance. Biofilm present in the pipelines is the breeding ground for pathogenic microorganisms and thereby continuously pollutes the drinking water. Removing the biofilm removes 99% of all microorganisms, and the remaining pathogens will not stand a chance against Intra Hydrocare.

6 REASONS TO CHOOSE INTRA HYDROCARE

- ✓ Ultra stabilised hydrogen peroxide
- ✓ Removes organic biofilm in the entire drinking system
- ✓ Eliminates bacteria, viruses, yeasts and fungi, even when they hide in biofilm
- ✓ To be used during empty- and operational barns
- ✓ Safe for humans, animals, materials and the environment
- ✓ Extensive registrations

1 L Intra Hydrocare produces **200 L** of oxygen to brush the system

Intra Hydrocare assures **3 BILLION** broilers per year of safe drinking water

100% RESULT and money back guarantee. No effect, Money Back!

INTRA HYDROCARE IS FULLY BIODEGRADABLE

Intra Hydrocare is a product from the Intra Hygiene programme. The no. 1 programme to ensure optimal biosecurity.
